ensuring safe, competent and ethical nursing practice

Dear CLPNBC Registrant:

Re: Late Renewal Disclosure Form

The Health Professions Act requires that registrants retain current licensure if they are providing service as a Licensed Practical Nurse (LPN). Working without a licence is a serious offence. Because CLPNBC received your renewal after the deadline, you are required to confirm whether you practised without a licence.

Please complete the questions below and attach this Late Renewal Disclosure Form to your 2012 renewal or fax to 778-373-3102:

Did you practise as an LPN between January 1, 2012 and the date that CLPNBC received your renewal?

Yes No

Name: _____

LPN Registration Number: _____

Facility: _____

Employer/Manager's name and contact info: _____

Please note that this is an official request for information from CLPNBC. You are obligated to reply with accurate information. Any information you provide will be verified with employers. Falsifying information will result in an investigation by the Inquiry Committee. CLPNBC will not process your renewal until this information is received.

If you have questions regarding your 2012 renewal, please contact CLPNBC at register@clpnbc.org.

Sincerely,

THE COLLEGE OF LICENSED PRACTICAL NURSES OF BC

P. A. McDonald
Executive Director/Registrar
